Net weight	1.49 lbs / 0.68 kg
Amplifier	2 x 50 Watts
Remote Control	Infra-Red
Cabinet	12mm reinforced MDF
Grilles	Removeable

Rear Firing Ports

For better lower frequency extension and to minimize ventilation noise, the bass reflex port on the DCB41 is directed to the rear, in an “S” configuration.

Woofers

Long excursion woofer for increasing output and added bass extension.

Waveguide

Custom waveguide improves dispersion and directivity.

XBass

XBass is a proprietary circuit boosting low frequency performance.
